The Mining Act

LIST OF RECENTLY TERMINATED LICENSES OF OCCUPATION (MINING)

The following is a list of Licenses of Occupation recently terminated for arrears of rent. The lands formerly covered by these Licenses are now open for staking out as mining claims under the provisions of The Mining Act, with the exception of any lands that are in areas that have been withdrawn from staking.

In arranging the list, lands are given in the judicial district in which they are situate. The marginal number is the number of the License of Occupation and the other number given is that of the mining claim or location of which the license formed a part. The acreage is listed at the end of the description.

The land consists principally of fractional parts of mining claims covered by water and, unless specifically stated in the description, the dry land is not affected.
